ADMINISTRATION:

The board continues to monitor the status of the Governor's shelter order. Our expectation is that by next week we'll have better guidance on whether the order will be lifted at the end of April, or if the order will be extended for some period. There could be a "Soft" opening from the Governor that relaxes some of the isolation and closures. This would, hopefully, allow golfing in some form. As of this morning, 48% of the golf courses in the U.S. are still open. We'd like that to include Maple Lane. I would very much encourage you to make your voice heard to our Governor, State's Attorney and County and Local law enforcement.

The link below gives the latest statistics on Golf Courses in the US.

<https://thengfq.com/covid-19>

The preparations for the pool opening are still being made. We would traditionally begin this around the last week of April. This depends on weather and amount of volunteer help we get. We're pushing this back another week to see what direction we can get from the Governor's office. We have every intention of opening the pool on Memorial Day weekend and still believe that is practical and achievable. Even if the Order is extended until the end of May, we will continue the preparations for opening.

We have had several "Mini" clean up days at the golf course and will have several for the pool. We are trying to be respectful of the distancing requirements and trying to limit our numbers to not exceed the maximum number on one place. If you have some time and would like to volunteer, please reach out to the committees to see what help they need.

Golf: Jason Center and Mike Mercer (golf@maplelanecountryclub.org)

Pool: Jason Wake and Brook Bolton (pool@maplelanecountryclub.org)

Take heart!

The data continues to come in on the COVID Virus and most of it seems to be far, far less damaging and pervasive than initially estimated.

I'm trusting that this ridiculous trampling of our First Amendment will end soon and we'll be back to enjoying our property at Maple Lane.
