

## The July 2024 Maple Leaf

### Greetings all!

Summer is half way over! But there is still plenty of time to enjoy your Club!

#### Membership and Finances:

Currently we have 275 members!! Thank you to everyone who has paid their dues through the 3rd quarter. We are in good financial shape, but as always timely dues payments keep us on time or ahead of budget. Attached is the mid-year P&L statement. If you have any questions, please email me at [president@maplelanecountryclub.com](mailto:president@maplelanecountryclub.com)

Attached is a list of the 32 new members! Please welcome them when you see them at the club!

#### House & Grounds:

The basement cooler had to be rebuilt due to age. It has been completed and it is up and running. The new grill purchased by the men's club is operational. A big thank you to Rick Kimbrell for spear heading the project. The commemorative brick pavers will be installed this week, thank you to everyone that has purchased a paver. If you are still interested in purchasing a paver, please send an email to [clubmanager@maplelanecountryclub.com](mailto:clubmanager@maplelanecountryclub.com) to get more information. The security cameras have been installed and are up and running.

#### Golf:

Night golf was a huge success, and everyone had a great time! Plan on coming out to the Labor Day scramble and be on the lookout for announcements for upcoming events. Reminder, please repair ball marks

on the greens. With our recent rains, the greens are soft. Unrepaired ball marks can take up to 3 weeks to recover, while repaired ball marks take only 2-3 days. Please see this short video on proper repair technique.

**Pool:**

The Pool committee sent out information on the pool recently. They will be having more informational meetings in the upcoming weeks. They are scheduled as follows:

July 28th - 6:30 pm

August 4th - 4:00 pm

August 5th - 6:00 pm

We had to purchase a new "shark" to clean the pool and it is in operation. Plans are being made to replace the chlorinator next spring. We looked into replacing it now, and the lead time to get it installed and approval needed by IDPH, pushed this into the spring of 2025.

**Social:**

We had a great night at the new member reception, thanks to everyone that planned and came out.

See you at the club soon!

Tom Conklin, President
