

The September Edition of The Maple Leaf

From the President's Desk

As summer winds down, thank you to all our members, staff, and volunteers for another great season at Maple Lane. We had a busy summer at the golf course and pool, and we are looking forward to a great fall at the Club.

Reminder 4th quarter dues are due Oct 1st.

Golf Course Update

Austin has been on the job for several weeks and has spent a lot of time getting familiar with the course, equipment, and maintenance needs. Several needed maintenance tools have been purchased.

Green's aeration is scheduled for Oct 1, so we will close the course while that is being performed but will hopefully be opening later that afternoon. Be on the lookout for update via email and Facebook.

Austin and the Golf Committee are evaluating equipment needs and improvements for next season.

Pool Update

Another great pool season is in the books!

Pool furniture has been stored for the winter, and the pool will be drained and winterized.

Thank you to our pool managers and lifeguards for a great summer!

House & Grounds

Repairs have been completed on the maintenance shed roll-up door, and additional shed door replacement options are being reviewed.

Electrical maintenance in the cart shed is being scheduled.

The golf maintenance shed roof will continue to be monitored for leaks before any repairs are made, and aeration of the East Lawn is planned for early November.

Social Events

Thank you to everyone who participated in our Labor Day activities!

Coming Up: Kids Karaoke - October 17 |
Witches & Warlocks Poker Run - October 30

Watch for additional details as we get closer to each event.

Membership Update

Our Trial Membership program had another successful year.

Trial members will soon be contacted about the opportunity to transition to Full Membership.

Thank you for another great summer at Maple Lane Country Club!

Tom Conklin
